Overall Support Team

Support Staff Teams are defined as a team of school staff dedicated to identifying and supporting students who exhibit academic or behavioral problems by providing early systematic assistance to students and to connect them to appropriate interventions and supports. Support teams can be used to provide support to specific students who are struggling in school, or they can be implemented as a schoolwide strategy for all students.

Support Staff Teams can offer different supports that may include monitoring student progress, developing intervention plans, referring students to intervention services (e.g., reading or math specialist, counseling, intensive case management), and implementing increasing tiers of school-based intervention services.
